

Andrea Inserra, MBA

Booz Allen Hamilton
Senior Vice President

Andrea Inserra, a Booz Allen Hamilton Senior Vice President, is recognized for her expertise in program and system management, organizational re-engineering and transformation for US Federal and commercial clients.

Andrea Inserra leads the Firm's Global Defense Group Operations and Crosscut Market Strategy. As the Global Defense Operations Officer, she is responsible for identifying and executing strategic initiatives to drive business growth and maximizing financial performance. She is recognized for her consulting expertise in program and system management and organization transformation for US Federal and commercial clients. Andrea works with leaders across the Firm to integrate service offerings, develop talent, and drive toward integrated solutions.

She has provided leadership to the Firm's military and civilian health business where she focused on healthcare transformation. Andrea has led the Firm's clinical services offering, including behavior health supporting programs to enhance the well-being and psychological health for service members, veterans, and military families. She implemented a community-based model to facilitate collaboration and improve the integration of efforts across federal, private, and nonprofit organizations in addressing the challenges of the military and their families. These nationwide pro-bono, community-based summits addressed the challenges military families face including unemployment, education, behavioral, and physical health issues, access to care and veteran treatment courts.

Andrea chairs the Firm's veteran's agenda to provide ongoing support to veterans and military families – both inside and outside our Firm – by providing best-in-class benefits, partnering with nonprofit organizations, and engaging in community volunteerism. Andrea is a passionate leader working with the private sector, government, and NGOs leaders to address the reintegration, including health needs, of our military, veterans, and their families.

Prior to joining Booz Allen, Andrea served in engineering positions for Mobil Oil Corporation and Armstrong World Industries. She served as the Chairman of the Board of Directors for the Association for Professionals in Infection Control and Epidemiology (APIC) Consulting Services. She currently serves on the Board of Directors for the Association of Military Surgeons of the United States (AMSUS) and on the Elizabeth Dole Foundation National Advisory Board for Caring For Military Families.

She holds an MBA from the Pennsylvania State University and a BS in Industrial Engineering from the Pennsylvania State University.
